

# The central consulting service for all areas of film production within the Stuttgart Region

#trustyourlocalfilmcommission

## Who should you trust?

**Us!** The Film Commission Stuttgart Region supports film makers in their search for appropriate locations, the securing of shooting permits, the needed connections to authorities and, in addition, offers specific information about film experts, talents, producers and services from the region.

## And why?

**Because:** The Film Commission Stuttgart Region acts as a hub, coordinator and mediator at the intersections of film productions, film makers, motif options and public institutions. We have direct connections and use them for fast, uncomplicated consulting and networking.

## Where can the information be found?

### Location Guide – [film-bw.de](http://film-bw.de)

The Stuttgart Region offers numerous and contrast-rich locations for film production. Nature and industry, the trades and high-tech – our location data bank has diverse motifs.

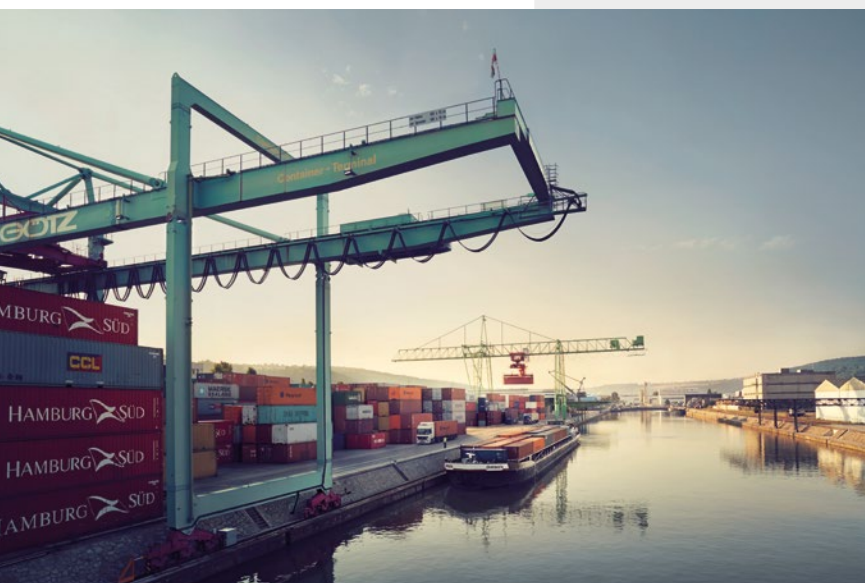

And we always welcome tips about unusual or undiscovered locations. Both listing and consulting services are free of charge.

### Production Guide – [film-bw.de](http://film-bw.de)

Through great technical expertise, production companies and film makers create every possible type of moving image.

The branch data bank offers an overview of all addresses in the region that are relevant to the film industry. Both listing and consulting services are free of charge.

**A lot:** The Film Commission Stuttgart Region initiates a whole series of projects and events with the goal of providing networking, support and professional training.

### Trade news

The newsletter for film-makers and all those who wish to keep informed of the local film industry.

### ... and much more!

The Film Commission Stuttgart Region also provides support in the areas of Animation, Games, Virtual/Augmented Reality and Internationalization through projects and events.

### Monday Seminars

Experts from the film and media sectors offer details advice on topics such as light and sound design, visual effects, new business models or legal questions.

### Workshop conversations

Within the framework of various events, we bring interested visitors into conversation with regional studios and production companies, whereby the latter present their work.
